2. Definition of "campaign material": Any material, literature, and advertisement distributed, worn, or posted, both online and in material form, for the purpose of campaigning.
3. Definition of "campaign assistant/supporter": A campaign assistant is a student who is designated by the candidate to aid the candidate's campaign. A campaign supporter is one who promotes, approves, favors, and/or advocates any candidate.
4. Candidates are responsible for their campaign assistant's actions, as well as their own.
5. Candidate campaign material shall not include free "give-away" items of any kind, such as, pens, food, and drink.
6. Candidates must refer to the offices of Student Life or Student Development for college designated posting locations and number of postings permitted per location.
7. Additional locations may include posters on stakes. In no way may the stakes be placed in areas that block pathways or create a safety issue. No more than 10 stakes may be placed in any given region of campus, as determined by each respective campus regulation. The candidate must inform the Student Life or Student Development staff of the intended stake locations prior to posting. Posters on stakes must be removed each day as to not interfere with lawn maintenance.
8. Campaign flyers may be handed out in classrooms with the approval of faculty. No campaign material can be left in classrooms or buildings, and no campaign messages or candidate names can be left written on white boards in classrooms. Campaign flyers may not be posted in classrooms.
