

PUBLIC SAFETY CAMERA SYSTEM

The South Orange County Community College District authorizes the use of a public safety camera system for the purpose of creating a safer environment for all those who work at or visit the District. Cameras may be placed in strategic public locations, such as parking lots, building entrances, exteriors, hallways, and lobbies, throughout the District at the direction of each college or district services and established procedures will be followed. This camera system is not intended for use in classrooms or private offices. These cameras can be used for detecting and deterring crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters, and to assist District officials in providing services to the college community.
