

VOLUNTEER ASSISTANCE

The wealth of experience available in the community is a resource that can be used in appropriate ways to enrich the educational program and strengthen the District's relationship with the community.

The chancellor or designee may authorize the services of volunteers. Volunteers are not to be used to displace regularly authorized employees or to create new positions. Projects assigned to volunteers are those which supplement and enrich the programs of the District. All volunteer assignments must be ratified by the Board of Trustees.

Volunteers shall be considered employees of the District only for Workers' Compensation Insurance purposes.
