

## FACULTY REASSIGNED TIME AND STIPENDS

### I. REASSIGNED TIME

Reassigned time is part of a faculty load that is subtracted from the faculty's primary assignment to create time for leadership functions. When coordination of a program or engaging in effective college or District participation requires significant amounts of time in addition to the faculty member's primary assignment, the president of the college may recommend reassigned time for the faculty leader to the Chancellor.

### II. STIPENDS

A stipend is a monetary payment to faculty that does not result in a reduction in a faculty's primary assignment. When a college president determines that program coordination or effective participation warrants compensation, a stipend may be paid to the faculty member following recommendation to the Chancellor and approval by the Board of Trustees.

### III. EQUITY

The amount of a stipend or reassigned time will be calculated using objective and relevant workload measures that promote equitable compensation for leadership assignments.

### IV. ACCOUNTABILITY

The expected outcomes of the leadership assignment shall be specified and approved in advance by the college president.

### V. LIMITATIONS

The Board of Trustees may establish limitations on the total expenditures for reassigned time and stipends as a part of the budget approval process. If a percentage cap is chosen, then each college will be assigned a percentage that takes into consideration the size of the college and need.
