

COMPLIANCE WITH PAYMENT CARD INDUSTRY DATA SECURITY STANDARDS (PCI-DSS)

The Payment Card Industry (PCI) Data Security Standards (DSS), a set of comprehensive requirements for enhancing payment account data security, was developed by the founding payment brands of the PCI Security Standards Council, including American Express, Discover Financial Services, JCB International, MasterCard Worldwide and Visa, Inc. International, to help facilitate the broad adoption of consistent data security measures on a global basis.

Compliance with the PCI-DSS standards is required in order to accept credit cards for student registration and other financial transactions.

It is the intent of the South Orange County Community College District to adhere to the requirements of the Payment Card Industry Data Security Standards (PCI-DSS).

Requirements for PCI third party compliance are addressed in Administrative Regulation 3733.
