

RECOGNITION OF UNITED STATES AND CALIFORNIA FLAGS

The Board of Trustees affirms its commitment to recognition of the flags of our state and nation, and encourages the Pledge of Allegiance to the flag of the United States of America. Wherever practical, meetings of the South Orange County Community College District Board of Trustees shall open with a Pledge of Allegiance to the flag of the United States of America. Governance units are encouraged to include, as they determine appropriate, recognition of the flag of the United States of America.

Federal or State flags may be lowered to half-staff upon proclamation by the President of the United States or the Governor of California and by order of the Chancellor or designee.
